He'll never fall in love he swears
                                                          ( D A Em G ) (2x)
      Α
As he runs his fingers through his hair
                                                          He stands there, then walks away

                     D
                           G
I'm laughing 'cause I hope he's wrong
                                                          My God, if I could only say
    D
And I don't think it ever crossed his mind
