

Taylor Swift - Message In a Bottle

```
tom:
Intro: G
[Primeira Parte]
I know that you like me
And it's kinda frightening
Standing here waiting, waiting
And I became hypnotized by freckles
And bright eyes, tongue tied
[Pré-Refrão]
But now you're so far away
And I'm down feeling like a face in the crowd
I'm reaching for you, terrified
[Refrão]
Cause you could be the one that I love
I could be the one that you dream of
A message in a bottle is all I can do
Standing here, hoping it gets to you
You could be the one that I keep, and I
Could be the reason you can't sleep at night
A message in a bottle is all I can do
Standing here, hoping it gets to you
[Segunda Parte]
These days I'm restless
Workdays are endless, look how you made me, made me
But time moves faster, replaying your laughter, disaster
[Pré-Refrão]
Cause now you're so far away \stackrel{\textstyle \mathsf{Em}}{} \stackrel{\textstyle \mathsf{D}}{}
And I'm down feeling like a face in the crowd
I'm reaching for you, terrified
Acordes
```

```
[Refrão]
Cause you could be the one that I love
I could be the one that you dream of
A message in a bottle is all I can do
Standing here, hoping it gets to you
You could be the one that I keep, and I
Could be the reason you can't sleep at night
A message in a bottle is all I can do
Standing here, hoping it gets to you
How is it in London?
Where were you while I'm wonderin'
If I'll ever see you again?
       You could be the one that I love, mmm
And now I'm standing here, hoping it gets to you
[Refrão]
Cause you could be the one that I love
I could be the one that you dream of
A message in a bottle is all I can do
Standing here, hoping it gets to you (it gets to you)
You could be the one that I keep, and I
Could be the reason you can't sleep at night
(I can't sleep at night)
A message in a bottle is all I can do (yeah, yeah)
Standing here, hoping it gets to you (yeah, yeah)
 You could be the one that I love
You could be the one that I love, my love
And now I'm standing, here hoping this gets to you
```
