

# Taylor Swift - Mirrorball

tom:

**D**

I want you to know **G**

I'm a mirrorball **Bm**

I'll show you every version of yourself tonight **G**

I'll get?you?out on the?floor **D**

Shimmering beautiful **G**

And when I break, it's?in a million pieces **Bm**

**D** Hush, when no one is around, my dear **G**

You'll find me on my tallest tiptoes **Bm**

Spinning in my highest heels, love **G**

Shining just for you **D**

Hush, I know they said the end is near **G**

But I'm still on my tallest tiptoes **Bm**

Spinning in my highest heels, love **G**

Shining just for you **D**

**D** I want you to know **G**

I'm a mirrorball **Bm**

I can change everything about me to fit in **G**

You are not like the regulars **Bm**

The masquerade revelers **G**

Drunk as they watch my shattered edges glisten

**D** Hush, when no one is around, my dear **G**

You'll find me on my tallest tiptoes **Bm**

Spinning in my highest heels, love **G**

Shining just for you **D**

Hush, I know they said the end is near **G**

But I'm still on my tallest tiptoes **Bm**

Spinning in my highest heels, love **G**

Shining just for you **D**

And they called off the circus, burned the disco down **D**

When they sent home the horses and the rodeo clowns **G**

Im'm still on that tightrope **B**

I'm still trying everything to get you laughing at me **G**

And I'm still a believer, but I don't know why **D**

I've never been a natural, all I do is try, try, try **Bm**

I'm still on that trapeze **G**

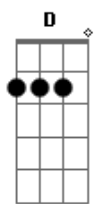

I'm still trying everything to keep you looking at me **D**

Because I'm a mirrorball **G**

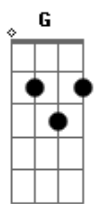

I'm a mirrorball **Bm**

And I'll show you every version of yourself tonight **G**
