

Taylor Swift - Now That We Don't Talk

tom:

C

You went to a party

I heard from everybody

G

You part the crowd like the red sea

Don't even get me started

Dm

Did you get anxious, though

On the way home?

F

I guess I'll never ever know

Now that we don't talk

C

You grew your hair long

You got new icons

G

And from the outside

It looks like you're trying lives on

Dm

I miss the old ways

You didn't have to change

F

But I guess I don't have a say

Now that we don't talk

C

I call my mom, she said that it was for the best

G

Remind myself the mor? I gave, you'd want me less

Dm

I cannot be your friend, so I pay the price of what I lost

G

And what it cost, now that we don't talk

C

What do you tell your friends we

G

Shared dinners, long weekends with?

Dm

Truth is, I can't pretend it's

F

Platonic, it's just ended, so

C

I call my mom, she said to get it off my chest (off my chest)

G

Remind myself the way you faded till I left (until I left)

Dm

I cannot be your friend, so I pay the price of what I lost

F

(Of what I lost)

G

And what it cost, now that we don't talk

C

I don't have to pretend I like acid rock

G

Or that I'd like to be on a mega yacht

Dm

With important men who think important thoughts

F

Guess maybe I am better off now that we don't talk

C

And the only way back to my dignity

G

Was to turn into a shrouded mystery

Dm

Just like I had been when you were chasing me

F

Guess this is how it has to be now that we don't talk

C

F

Acordes
