

Taylor Swift - Opalite

```
tom:
Intro: C D C
[Primeira Parte]
I had a bad habit
Of missing lovers past
My brother used to call it
Eating out of the trash
It's never gonna last
I thought my house was haunted
I used to live with ghosts
And all the perfect couples
Said, "When you know, you know."
And, "When you don't, you don't."
[Pré-Refrão]
And all of the foes and all of the friends (ah-ah)
Have seen it before, they'll see it again (ah-ah)
Life is a song, it ends when it ends
I was wrong
[Refrão]
But my mama told me
It's alright
You were dancing through the lightning strikes
Sleepless in the onyx night
But now the sky is Opalite
Oh-oh, oh, oh, oh my Lord
Never made no one like you before
You had to make your own sunshine
But now the sky is Opalite
Oh-oh, oh, oh, oh
[Segunda Parte]
You couldn't understand it D C
Why you felt alone
You were in it for real
She was in her phone
And you were just a pose
And don't we try to love, love? (love, love) ^{\text{C}}
We give it all we got (give it all we got)
```

```
You finally left the table (uh-uh)
And what a simple thought
You're starving till you're not
[Pré-Refrão 2]
And all of the foes and all of the friends (ah-ah)
Have messed up before, they'll mess up again (ah-ah)
Life is a song, it ends when it ends
[Refrão 2]
And that's when I told you
It's alright
You were dancing through the lightning strikes
Sleepless in the onyx night
But now the sky is Opalite
Oh-oh, oh, oh, oh my Lord
Never met no one like you before
You had to make your own sunshine
But now the sky is Opalite
Oh-oh, oh, oh, oh
[Ponte]
This is just a storm inside a teacup
But shelter here with me, my love
Thunder like a drum
This life will beat you up, up, up, up
This is just a temporary speed bump
But failure brings you freedom
                                 D7
And I can bring you love, love, love, love, (love!)
[Refrão Final]
Don't you sweat it, baby
It's alright
You were dancing through the lightning strikes
Sleepless in the onyx night
But now the sky is Opalite \ensuremath{\mbox{G}}
Oh-oh, oh, oh my Lord
Never met no one like you before
You had to make your own sunshine
But now the sky is Opalite
Oh-oh, oh, oh, oh
```
