

Taylor Swift - Thats When

tom:
 G D Am C

G
 You said: "I know"
 D Am
 When I said: I need some time, need some space
 C
 To think about all of this
 G
 You watched me go
 D Am
 And I knew my words were hard to hear
 C
 And harder to ever take back
 Am C
 And I said: When can I, I, I come back?

G
 And you said: That's when, when I wake up in the morning
 D
 That's when, when it's sunny or stormin'
 Am C
 Laughing, when I'm crying
 G
 And that's when I'll be waiting at the front gate
 D
 That's when, when I see your face
 Am C
 I'll let you in, and baby, that's when

G D Am C
 Hmm, hmm

G
 I said: I know
 D Am
 When you said: I did you wrong, made mistakes
 C
 Put you through all of this (through all of this)
 G D Am
 Then through the phone came all your tears
 C
 And I said: Leave those all in our past
 Am C
 And you said: When can I, I, I come back?

G
 And I said, that's when

When I wake up in the morning
 D
 That's when, when it's sunny or stormin'
 Am C
 Laughing when I'm crying
 G
 And that's when I'll be waiting at the front gate
 D
 That's when, when I see your face
 Am C
 I'll let you in, baby that's when

G D Am C

And you say
 Am Em
 Honestly, when you were gone
 Am D
 Did you ever think of me?

And I said

G
 That's when, when I woke up in the morning
 D
 That's when, when it's sunny or stormin'
 Am C
 Laughing, when I was crying
 G
 That's when, you were waiting at the front gate
 D
 That's when, when I saw your face
 Am C
 You let me in, and baby, that's when

G
 That's when, when I wake up in the morning
 (Yeah)
 D
 That's when, when it's sunny or stormin'
 Am C
 When I'm laughing, when I'm crying
 G
 That's when, I'll be waiting at the front gate
 (That's when I miss you, that's when I want you)
 D
 That's when, when I see your face
 Am C
 That's when I love you, That's when
