

Taylor Swift - The Man

```
Tom: C
                                                               And I'm so sick of them coming at me again
                                                                'Cause if I was a man, then I'd be the man
I would be complex, I would be cool
                                                                          F
They'd say I played the field before I found someone to commit
                                                                          C
                                                                I'd be the man
And that would be okay for me to do
                                                                What's it like to brag about drinking and dollars
Every conquest I had made would make me more of a boss to you
                                                                And getting bitches and models?
 I'd be a fearless leader
                                                                And it's all good if you're bad
 I'd be an alpha type
                                                                And it's okay if you're mad
 When everyone believes ya
                                                                If I was out flashing my dollars, I'd be a bitch not a baller
 What's that like?
                                                                They'd paint me out to be bad
                                                                         Am
                                                                So, it's okay that I'm mad
I'm so sick of running as fast as I can
 Wondering if I'd get there quicker if I was a man
                                                                I'm so sick of running as fast as I can
                                                                Wondering if I'd get there quicker if I was a man (You know
And I'm so sick of them coming at me again
'Cause if I was a man, then I'd be the man
                                                                And I'm so sick of them coming at me again (Coming at me
I'd be the man
I'd be the man
                                                                'Cause if I was a man (If I was a man)
                                                                Then I'd be the man (Then I'd be the man)
They'd say I hustled, put in the work
                                                                I'm so sick of running as fast as I can (As fast as I can)
They wouldn't shake their heads and question how much of this
                                                                Wondering if I'd get there quicker if I was a man (Hey)
                                                               And I'm so sick of them coming at me again (Coming at me
What I was wearing, if I was rude
                                                                again)
Could all be separated from my good ideas and power moves
                                                                'Cause if I was a man (If I was a man), then I'd be the man
 And they would toast to me, oh, let the players play
                                                                I'd be the man
 I'd be just like Leo in Saint Tropez
                                                                I'd be the man (0h)
                                                                I'd be the man (Yeah)
I'm so sick of running as fast as I can
                                                                I'd be the man (I'd be the man)
 Wondering if I'd get there quicker if I was a man
                                                                If I was a man, then I'd be the man
