

Taylor Swift - The Man

```
And I'm so sick of them coming at me again
                            tom:
                                                                 'Cause if I was a man, then I'd be the man
                F7M
                                                                           F7M G
I would be complex, I would be cool
They'd say I played the field before I found someone to commit I'd be the man
And that would be okay for me to do
                                                                What's it like to brag about drinking and dollars
                                        Am
Every conquest I had made would make me more of a boss to you
                                                                And getting bitches and models?
                                                                And it's all good if you're bad
 I'd be a fearless leader
                                                                And it's okay if you're mad
 I'd be an alpha type
                                                                If I was out flashing my dollars, I'd be a bitch not a baller
When everyone believes ya
                                                                They'd paint me out to be bad
What's that like?
                                                                          Am
                                                                So, it's okay that I'm mad
I'm so sick of running as fast as I can
                                                                I'm so sick of running as fast as I can
 Wondering if I'd get there quicker if I was a man
                                                                 Wondering if I'd get there quicker if I was a man (You know
And I'm so sick of them coming at me again
'Cause if I was a man, then I'd be the man
                                                                And I'm so sick of them coming at me again (Coming at me
           F7M G
I'd be the man
                                                                'Cause if I was a man (If I was a man)
I'd be the man
                                                                Then I'd be the man (Then I'd be the man)
They'd say I hustled, put in the work
                                                                I'm so sick of running as fast as I can (As fast as I can)
They wouldn't shake their heads and question how much of this
                                                                 Wondering if I'd get there quicker if I was a man (Hey)
I deserve
                                                                                             G
                                                                And I'm so sick of them coming at me again (Coming at me
What I was wearing, if I was rude
                                                                again)
Could all be separated from my good ideas and power moves
                                                                'Cause if I was a man (If I was a man), then I'd be the man
                                                                I'd be the man
And they would toast to me, oh, let the players play
                                                                I'd be the man (Oh)
 I'd be just like Leo in Saint Tropez
                                                                           F7M
                                                                I'd be the man (Yeah)
I'm so sick of running as fast as I can
                                                                I'd be the man (I'd be the man)
Wondering if I'd get there quicker if I was a man
                                                                If I was a man, then I'd be the man
