

Taylor Swift - The Moment I Knew

Tom: G
Intro: C G D

You should've^C been there,
Should've^G burst through the door
With that "Baby I'm right here" smile^D
And it would've^C felt like
A million little shining stars^G had just aligned^D
And I would've^C been so happy^{G D}

Christmas lights^C glisten
I've got my eye^G on the door^D
Just waiting^D for you to walk in^C
But the time^C is ticking^G
People ask me how I've been, as I^D
Comb back through my memory^{C G D}
How you said you'd be here^{C G D}
You said you'd, be here^{C G D}

And it was like slow motion^{C G}
Standing there^D in my party dress^{C G}
In red lipstick^D
With no-one to impress^{C G}
And they're all laughing^D
As I'm looking around the room^{C G}
But there was one thing missing^D -once
And that was the moment I knew

And the hours^C pass by,
Now I just want to be alone,^G
But your close friends^D always seem to know^C
When there's something really wrong^G
So they follow me down the hall^D
And there in the bathroom^C
I try not to fall apart^G
And the sinking feeling starts^D

As I say hopelessly "He said he'd^{C G} be here"^D

And it was like slow motion^{C G}
Standing there^D in my party dress^{C G}
In red lipstick^D
With no-one to impress^{C G}
And they're all laughing^D
And asking me about you^{C G}
But there was one thing missing^D
And that was the moment I knew

What do you say when tears are^C
Streaming down your face in front of^G
Everyone you know?^D
And what do you do^C
When the one who means the most to you^G
DJ-once
Is the one who didn't show?

C G D

You should've been here,^{C G D}
And I would've been so happy^{C G D}

And it was like slow motion^{C G}
Standing there^D in my party dress^{C G}
In red lipstick^D
With no-one to impress^{C G}
And they're all sitting around me singing^D
"Happy Birthday To You"^{C G}

But there was one thing missing^D
And that was the moment I knew

Oh, ohh, ohh, ohh, I knew^{C G D}
Oh, ohh, ohh, ohh,^{C G D}

You called me later^C
And said, "I'm sorry I didn't make it"^G
And I said, "I'm sorry too"^D
And that was the moment I knew^{C G D}
