

Taylor Swift - The Moment I Knew

Tom: G
Intro: C G D

You should've^C been there,
Should've^G burst through the door
With that "Baby I'm right here" smile^D
And it would've^C felt like
A million little shining^G stars had just aligned^D
And I would've^{C G D} been so happy

Christmas lights glisten^C
I've got my eye on the door^G
Just waiting^D for you to walk in
But the time^C is ticking
People ask me how I've been, as I^G
Comb back through my memory^D
How you said you'd be here^{C G D}
You said you'd, be here^{C G D}

And it was like slow motion^{C G}
Standing there in my party dress^D
In red lipstick^{C G}
With no-one to impress^D
And they're all laughing^{C G}
As I'm looking around the room^D
But there was one thing missing^{C G}
D -once^D
And that was the moment I knew

C G D

C G D

And the hours^C pass by,
Now I just want to be alone,^G
But your close friends always seem to know^D
When there's something really wrong^C
So they follow me down the hall^{G D}
And there in the bathroom^C
I try not to fall apart^G
And the sinking feeling starts^D

As I say hopelessly "He said he'd^{C G} be here"^D

And it was like slow motion^{C G}
Standing there in my party dress^D
In red lipstick^{C G}
With no-one to impress^D
And they're all laughing^{C G}
And asking me about you^D
But there was one thing missing^{C G}
And that was the moment I knew^D

What do you say when tears are^C
Streaming down your face in front of^G
Everyone you know?^D
And what do you do^C
When the one who means the most to you^G
D|-once
Is the one who didn't show?

C G D

You should've been here,^{C G D}
And I would've been so happy^{C G D}

And it was like slow motion^{C G}
Standing there in my party dress^D
In red lipstick^{C G}
With no-one to impress^D
And they're all sitting around me singing^{C G}
"Happy Birthday To You"^D

But there was one thing missing^{C G}
And that was the moment I knew^D

Oh, ohh, ohh, ohh, I knew^{C G D}
Oh, ohh, ohh, ohh,^{C G D}

You called me later^C
And said, "I'm sorry I didn't make it"^G
And I said, "I'm sorry too"^D
And that was the moment I knew^{C G D}
