

Taylor Swift - You Are In Love

Tom: **A**

(com acordes na forma de **G**)
 Capotraste na 2ª casa
 Intro: **G C Em C**

Verso:

G
 One look, dark room
 Meant just for you
C
 Time moved too fast
 You played it back
Em
 Buttons on a coat
 Die hard it joked
C
 No proof not much
 But you saw enough
G
 Small talk, he drives
 Coffee at midnight
C
 Polite reflects
 The chain on your neck
Em
 He says look up
 And your shoulders brush
C
 No proof, one touch
 You felt enough
 Refrão:
G
 You can hear it in the silence, silence
C
 You can feel it on the way home, way home
Em
 You can see it with the lights out, lights out
C
 You are in love, true love
G
 You are in love

Verso:

G
 Morning, his place
 Burn toast, sunday
C
 You keep his shirt
 He keeps his word
Em
 And for once you let go
 Of your fears and your ghosts

C
 One step, not much, but it said enough
G
 You kissed on sidewalks
 You fight and you talk
C
 One night he wakes, strange look on his face
Em
 Pauses, then says, you're my best friend
C
 And you knew what it was, he is in love
 Refrão:

G
 You can hear it in the silence, silence
C
 You can feel it on the way home, way home
Em
 You can see it with the lights out, lights out
C
 You are in love, true love
G
 So it goes

Ponte:

G
 You two are dancing in a snow ball, go round and round
C
 And he keeps the picture of you in his office downtown
Em
 You understand now why they lost their minds and fought the
 wards
C
 And why I've spent my whole life try to put it in words
 Refrão:

G
 'Cause you can hear it in the silence
C
 You can feel it on the way home
Em
 You can see it with the lights out
C
 You are in love, true love
G
 You are in love
G
 You can hear it in the silence, silence
C
 You can feel it on the way home, way home
Em
 You can see it with the lights out, lights out
C
 You are in love, true love
G
 You are in love
G
 You can hear it in the silence, silence
C
 You can feel it on the way home, way home
Em
 You can see it with the lights out, lights out
C
 You are in love, true love
G
 You are in love
