

# Temper City - Self Aware

Oh tom:  
E

Oh

Oh

Am  
No smoke with no fire  
C  
No silence if there's no sound  
F  
One way or another  
Dm  
You're going to put me out  
Am  
Drinks flowing like water  
C  
Too drunk to turn off the light  
F  
Stay under the covers  
Dm  
Who knows how we'll end the night

Am  
Just don't hang your hopes on me  
C  
I wanna feel something  
F  
God, you look so pretty  
Dm  
When you tell me that you love me

F Dm Am  
I wish that I could lie  
G F  
But my mind gets in the way  
Dm Am  
I know you think that I'm  
G F  
Always way too self-aware  
Dm Am  
Oh, we could never be together  
G F  
But it's nice to play pretend  
Dm Am  
I wish that I could lie  
G  
But I'm way too self-aware

Am  
Mood swings like the weather  
C  
Body's under pressure  
F  
Oh, I love the way you're using your imagination

Laws of attraction  
Dm  
Put 'em into practice

Am  
Just don't hang your hopes on me  
C  
I wanna feel something  
F  
God, you look so pretty  
Dm  
When you tell me that you love me

F Dm Am  
I wish that I could lie  
G F  
But my mind gets in the way  
Dm Am  
I know you think that I'm  
G F  
Always way too self-aware
