

Tempest - Must Be a Dream

tom:

[Primeira Parte]

I watched your hips in sacred in the lamplight
You were dancing wearing nothing
But my cowboy hat
You're like a Margaret's twin
Possessed by a tribal queen
And this moment seems
Just short of make believe

[Refrão]

This must be a dream
Baby you must be a dream
I'd awake in the morning
We're forever entwined
This must be a dream
Baby you must be a dream
I'd awake in the morning
Until the end of time

[Interlude] Dm Em Am C
Dm Em Am Gm

[Segunda Parte]

Is it alright if I'm a slave
And you're my master?
You can wrap me around your finger
Though I'm not that fl?xible
If I could sell my soul
Like a man, door-to-door
I might tak? what is
Her private property

[Refrão]

This must be a dream
Baby you must be a dream
I'd awake in the morning
We're forever entwined
This must be a dream
Baby you must be a dream
I'd awake in the morning
Until the end of time
