

Temple Of The Dog - Four Walled World

Tom: **A**

Main Riff:

When Chris Cornell starts singing, just play:

"Well, she cried...

Chorus:

"In my four... ..walled world"

Outro:

It sounds like Stone or whomever is playing the chorus and outro is using a slide, so I've indicated that with slide marks. Just listen to the song to get the feel of it.

There is a solo...if anyone has any ideas, please send them in.

If you have any suggestions, comments, questions, etc., feel free

Thanks, and enjoy!
