Tell me why you're cryin' now, kini big deal?
                               D7M
When you gave me somethin', I don't really feel
But you knew that already
When I found you on the ground, you were dyin'
Now, why you come into my yard uninvited?
                                D7M
G7M
Can you see me on the edge? I'm enlightened
If the world was endin'
                               D7M
Would you cry or would you try to get me?
                                D7M
Tell me now, I want you to be clear, yeah
                              D7M
Tell me now, I need you to be clear, yeah
I will wait for you, for you
G7M
I will wait for you
I will wait for you
Get me
                               D7M
Can you put the time on a rewind, yeah?
                                D7M
Help me understand, can you tell me now
Acordes
    G7M

Why you made the war that we're fightin' now?
                              D7M
And you fall and you run when you see my big guns
                              D7M
Run around, run away as the rebel comes out
                             D7M
Then you call, call on me, when you call me, I come \,
                              D7M
But there you go again (yeah, you go)
With your deaf ears
 G7M
                              D7M
Open your mind to the sound of the trumpet
 G7M
What do you want from a life of the hopeless?
                              D7M
Now here you are, you're beggin' and cryin'
I want to fly, yeah, I'm flyin' till morning
 G7M
Runnin' away to the land of discovery
  G7M
Runnin' away from the sufferin', I'm gone, yeah
                             D7M
Runnin' away from the darkness, I'm out here, yeah
 G7M
                           D7M
Higher than all the limits
Goin' way beyond the noise and your feelings
  G7M
When you speak, all I can hear is silence
                              D7M
Runnin' back from all the pain and violence
 G7M
                              D7M
Big tunes, now it's big tunes I'm killin'
Cry now from the side, now call my name
Fall down when you see me, you know that
You know that I will stay for you
I will wait for you, for you
                    D7M
 G7M
I will wait for you
 G7M
I will wait for you
