Intro: F Dm Am C

[Primeira Parte]

Let's get the party started
 See you at the bar, you was hardly talking
 That's when I knew that your heart was scarring
 Friends to lovers, need a part to star in
 Like wait, "Babe"
 Let me ask your pardon
 This ain't Gucci, this is Prada, darling
 If you want somethin', you can ask me, darling
 And you started laughing 'cause you think I'm joking but

Looking in your eyes that's the best thing
 Brake lights giving you the red skin
 You was in a bad mood from we stepped in
 Girl, you checked out 'fore we even checked in
 On the phone, you gon' vent to your best friend
 The one who gave me the lecture
 But I ain't gon' sweat ya, babe
 I'ma let ya catch up with your boy
 Undress you
 And let me tell you why I'ma bless ya

[Refrão]

It's the way my mind is fallin' away
 In my heart I know
 You feel the same when you're with me
 You know I'm all you need
 You're where I wanna be
 My darling, can't you see?

[Post-Refrão]

I love you
 I love you
 I love you
 I love you
 I love-

[Segunda Parte]

Still into you

Say you want me in the mood
 Tryna hide my feelings for you
 Don't wanna argue, not with you
 Tell me why you're so in denial?
 Hold me close, don't tell me goodnight
 Are you down and get me?
 Tell me when you're ready (uh)
 I'm ready

[Terceira Parte]

We should get into it
 Now we can get intimate
 The shower when you sing in it
 Better than Beyoncé
 I like the sound of "fiancé"
 You know, it's got a little ring to it
 And really when I think of it
 Growing up, I didn't ever see marriages
 No weddings, no horse, no carriages
 I wanna do things different and change the narrative
 God knows you a wild child
 Beautiful child
 I need your help
 Looking like you come from the '90s by yourself
 My mum's sixty-one
 And her favourite line to tell her son is
 Sometimes she wish that she had a girl
 I wanna take you back to a time, back to a trip
 You had that white wine that I never got to sip
 And dinner wasn't ruined 'cause you never got the pic
 I know that everybody told me that I'm sick 'cause

[Refrão]

It's the way my mind's fallin' away
 In my heart I know
 You feel the same when you're with me
 You know I'm all you need
 You're where I wanna be
 My darling, can't you see?

I love you
