                                                             Were talkin fuckin Lee
Climb upon my faithful steed
                                                            I had a friend named Lee
Then we gonna ride, gonna smoke some weed
                                                             He cast a spell, a spell on me
Climb upon my big assed steed and ride, ride, ride
                                                            If me and Lee and KG could be three

a very special thing G
                                                                     yeah take it JB, take it
                                                                                                                                                                       To the shores of ye old rustic Chinook
I hate to interrupt the thing {\sf G}
                                                                                                                                                                       Decimating the competition  \\
That Lee was singing about him and KG
                                                                                                                                                                  Leaving in their wake the blind ambition
Special thing, what do think this is
 G G
D Am7
                                                                                                                                                                       Come along children, and rock get it on
Like when KG hits a tin cup shot
                                                                                                                                                                   In whatever heinous realm that it squats
On a genesis golf tee cup,
                                                                                                                                                                   In whatever heinous realm that it squats
That?s a special thing, thatsa special thing
                                                                                                                                                                   In whatever heinous realm that it squats
                       Am7
Or when KG, pops in Jenny Craig Mac and Cheese and hands it to that it squats, that it squats, that it squats
That?s a special thing, that?s a special thing
                                            Am7
Now one and one is three
                                                                                                                                                                  The Road
A rare occasion for that?s triple D
                                                                                                                                                                  Tabbed by Leebop -
