tom:

Intro: Are you plugged in?
Yeah
Alright, ready?
1, 2, a 1, 2, 3

[Refrão]

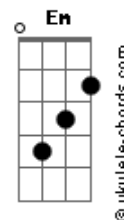

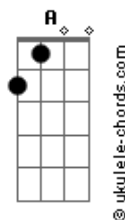

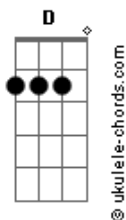

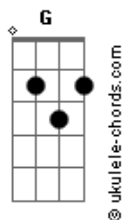

I don?t play video games no more
I never play video games
Except for a little bit of God of War
I never play video games

Maybe a once in a while
A little bit of Fallout 4
But that?s okay, not right now
I got things to do

[Refrão]

Cause I don?t play video games no more
Never play video games
But Red Dead Redemption 2

Acordes

That is not a game

It?s an incredible journey through old American history
Fighting for your life and fighting for your family
Try to live your days with honor and integrity
That?s not a game, that?s an adult thing
That?s not a game at all

That?s like fuckin? Shakespeare
Free gee, tee dee dee, tee dee dee, tee dee dee
Tee dee dee, tee dee dee, tee dee

[Refrão]

You know I don?t play video games no more
Tiny bit of video game
I guess I still play fuckin? video ga-a-ame

Yee haw

[Final]

That it, that?s the one

It?s on the album
