

Tessa Violet - Make Me a Robot

```
Tom: C
                                                                                                                                                                                                                                                                                                                            Make me a robot
                                                                                                                                                                                                                                                                                                                            Make, make me cold
                                                                                                   Fm
I don't want to be a human anymore
                                                                                                                                                                                                                                                                                                                             Make me a robot
                                                                                                                                                                                                                                                                                                                            Make me a robot
I don't want to make mistakes anymore % \left( 1\right) =\left( 1\right) \left( 1\right) \left
Am F
He's won
                                                                                                                                                                                                                                                                                                                              Take, take my soul
                                                                                                                                                                                                                                                                                                                             To human is to err, forgiveness is divine
Am
                                                                                                                                                                                                                                                                                                                             I don't care, you can take my spine
Take my heart, no new start; please just let me fall apart
                                                                                                                                                                                                                                                                                                                              'Cause I'm spineless anyway, I don't need another day or a
You may say it's strange
But I quit, guess that's it; for a human, I'm unfit, so
                                                                                                                                                                                                                                                                                                                              Take it all
Make me a robot
                                                                                                                                                                                                                                                                                                                              I don't want to be a human anymore
Make me a robot
                                                                                                                                                                                                                                                                                                                             I'm done
Make, make me cold
                                                                                                                                                                                                                                                                                                                              I don't want to have to feel anymore
Make me a robot
                                                                                                                                                                                                                                                                                                                             He's won
Make me a robot
                                                                                                                                                                                                                                                                                                                            Make me a robot
Take, take my soul
                                                                                                                                                                                                                                                                                                                            Make me a robot
I don't want to have to fight anymore
                                                                                                                                                                                                                                                                                                                             Make, make me cold
I'm tired
                                                                                                                                                                                                                                                                                                                             Make me a robot
I don't want to have to feel anymore
                                                                                                                                                                                                                                                                                                                             Make me a robot
Uninspired
                                                                                                                                                                                                                                                                                                                              Take, take my soul
I am too worn out
                                                                                                                                                                                                                                                                                                                             Make me a robot
Broken down, on the ground; I'm too shy to make a sound
                                                                                                                                                                                                                                                                                                                             Make me a robot
All I have is doubt
                                                                                                                                                                                                                                                                                                                             Make, make me cold
I don't care, you can stare, 'cause a human can't compare, so
                                                                                                                                                                                                                                                                                                                             Make me a robot
                                                                                                                                                                                                                                                                                                                             Make me a robot
Make me a robot
                                                                                                                                                                                                                                                                                                                              Take, take my soul
