

# Testemunhas de Jeová - Glad I've Passed The Test

Tom: **D**

Intro: **A**

**A**

Seems like there's something everyday

Some new test that comes my way (something everyday)  
I never know what it might be

But whatever it might be

I know I have the key

Coz? I can face it if I'm steady

And prepare so I'll be ready

How to act and what to say

When a challenge comes my way

At times it's tough for me out there

And so I turn to God in prayer

I pray I'll pass each test

Everyone that comes my way

I pray I'll pass each test

And be faithful through the day

( **A** )

Some things I know I'll face again

Like the pressure to fit in (face it once again)  
There will be times when other kids

Do the things that God forbids (the things that God forbids)

And pressure need to go along with

Kids I know I don't belong with

That's the time I call to mind

I don't want to be that kind

Coz' I'm a witness for God's name

So there's no cause to be ashamed

I'm glad I've passed the test

I was faithful all day long

I'm glad I've passed the test

I'm glad that I was strong
