

That Poppy - Adored

tom:
Capostrate na 1ª casa

[Primeira Parte]

There was something that you started to say
If you want the truth, then give it away
I've been thinking over time
Infinity is on my mind
Listen in then give me a sign

[Pré-Refrão]

I need to know if I'm alone

[Refrão]

What is this "life" I keep hearing about?
Does anybody know what I'm talking about?
Can anybody tell me what I should look out for?
I wanna be adored
I want nothing more

[Segunda Parte]

Did you finish what you started to say?
If you want the truth you have to behave
So tell me what it was again
That made you think this was pretend
Maybe you can be my new friend

[Pré-Refrão]

I need to know if I'm alone

[Refrão]

What is this "life" I keep hearing about?
Does anybody know what I'm talking about?
Can anybody tell me what I should look out for?
I wanna be adored
I want nothing more

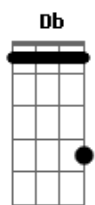

[Ponte]

I want nothing more
I want nothing more
I wanna be adored
I want nothing more
I wanna be adored
I want nothing more

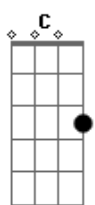

[Refrão]

What is this "life" I keep hearing about?
Does anybody know what I'm talking about?
Can anybody tell me what I should look out for?
I wanna be adored
I want nothing more
I wanna be adored
I want nothing more
I wanna be adored
I want nothing more
