Intro: F G C C Am G x3
Like your face despite your nose
Seventeen and a half years old
Worrying about my brother finding out
Where's the fun in doing what you're told?
                                           C
I said yo, oh give it a rest I could persuade you
I'm not your typical stoned eighteen year old give me a night
I'll make you
I know you're looking for salvation in the secular age but
girl I'm not your saviour
Wrestle to the ground, god help me now
                                              Am G
Because they're just girls, breaking hearts
                                      Am G
Eyes bright, uptight, just girls
And she can't be what you need if she's seventeen
                          G
They're just girls, they're just girls
```

```
A pair of frozen hands to hold
Oh she's so southern so she feels the cold
One moment I was tearing off your blouse now you're living at
my house
What happened to just messing round
I said yo, think you better go, I can't take you
Yeah you sit and get stoned with thirty year olds and you
think you've made it
   F
      \mathsf{Am}
Well shouldn't you be fucking with somebody your age instead
of making changes
Wrestle to the ground, god help me now
                                                Am G
Because they're just girls, breaking hearts
Eyes bright, uptight, just girls
                                         C C Am G
And she can't be what you need if she's seventeen
They're just girls, they're just girls.....Girls
