

# The Aces - Fake Nice

tom:

**A**

You never say **A**

Anything that I need to **D**

That I need to hear **A**

Yeah I could stay **D**

Participate in the bullshit **A**

Or get out of here **A**

**A** **D**

All you do is take, take, take, take

Like a river swallow up who's in your way **Gbm**

**A** **D**

All you do is talk, talk, talk, talk

Really thinking that it won't get back to me **Gbm** **A**

**D** **A** **Gbm**

Oh, you know how to win them over but not this time

(Oh, she's so fake) **D** **Gbm**

And if they ask, I'll be honest, say what's on my mind **A** **D**

Oh, she's so fake nice **Gbm**

Oh, she's so fake nice **A** **D**

You had me sympathizing **Gbm**

But oh you're so fake nice **A**

**A**

Oh, I'm naive **D**

If I wanted simplicity why'd I move to the city **A** **D**

I never was trying to get anything from you **A**

Guess that makes one of us **A** **D**

All you do is take, take, take, take **Gbm**

Like a river swallow up who's in your way **A** **D**

All you do is talk, talk, talk, talk

Really thinking that it won't get back to me **Gbm** **A**

**D** **A** **Gbm**

Oh, you know how to win them over but not this time

**D** **Gbm**

And if they ask, I'll be honest, say what's on my mind **A** **D**

Oh, she's so fake nice **Gbm**

Oh, she's so fake nice **A** **D**

You had me sympathizing **Gbm** **A**

But oh you're so fake nice **D**

Say it wasn't intended **Bm**

Looking me in the eyes **A**

Like you're gonna get away with this **Bm**

But I don't have the time, babe **D**

Say it wasn't intended **Bm**

Looking me in the eyes

Like you're gonna get away with this **A**

But I don't have the time, babe **D** **Gbm**

Oh, you know how to win them over but not this time **A**

(Oh, she's so fake) **D** **Gbm**

And if they ask, I'll be honest, say what's on my mind **A** **D**

Oh, she's so fake nice **A** **D**

(She's so fake nice) **A**

Oh, she's so fake nice **Gbm**

(Not this time) **A** **D**

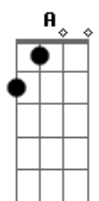

You had me sympathizing **Gbm** **D** **Gbm**

But oh you're so fake nice, no **A**

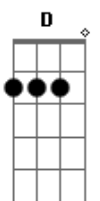

She's so fake nice **D** **Gbm**

Oh, she's so fake nice
