The Amity Affliction - All Fucked Up

Tom: D

    [Verse 1] :
          Bm
When I wake up I'm thankful
 A
I slept through the night
        Bm   D
Cause that is the only time I feel alright
         Bm
Keep my eyes closed
                      A
So I sleep the sadness away
         Bm
When I wake up I'm sure
        D
That it won't be the same

[Pre Chorus] :
          G   D
All the panic, depression, the hurt and regret
        Bm
Lying to myself
         D
"I don't think of death..."
                       G
All the ups all the downs
           D
All the petty concerns
    Bm
My whole world's imploding
 D
I can't find the words

[Chorus] :
                       A
Cause the truth is... I'm fucked up
     Bm   A
The truth is that I'm all fucked up - like you
                          G
Yeah we're all fucked up it's true

(The truth it I'm all fucked up like you, yeah we're all
fucked up)
          Bm   A
And the truth is, they don't hear the words we say
                 G
Yeah they all just turn away

(The truth is they don't hear the words we say, yeah they're
all fucked up)

[Break] : Bm A Bm D A

[Verse 2] :
          Bm
If I wake up tomorrow
           A
Just know that I tried
          Bm
To find a way out
              D
Without saying goodbye

[Pre Chorus] :
          G   D
All the panic, depression, the hurt and regret

Lying to myself

All the ups all the downs
           D
All the petty concerns
        Bm
My whole world's imploding
