

The Aubreys - Tv

tom: G

I've got so many people saying to just be tough and to just shut up

Just be my friend for once

And stop treating me like a new-born child

I watch you on my silver screen, you're my imaginary friend

You make me go so wild

You want me dead or alive? You'll have me in your car

Until i'm shooting by

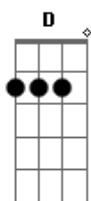

I know, you'll be my friend 'til the end unless you rock my screen

But i'll see you on my TV

See you on my TV

I've got so many things to say, yeah

I wanna hold on on but you ain't coming my way

You're like a mouse trap, i can feel you crushing down

I feel my breath as it sways

I remember the day you died

And i'll keep watching it until i feel good inside

I'll go to my fridge and eat

And eat and eat and eat and eat it, and eat and eat and eat it

I know, you'll be my friend 'til the end unless you rock my screen

But i'll see you on my TV

See you on my TV
