Tom: E

INTRO: A E

Ain't no doubt about it
This must be love
A One little kiss from you
And I feel B glad all over
A Oo baby, hot dang gilly
B It's silly
E But I'm glad all over
E Yeah the goosepimples baby
Cos I feel so good
A When you call me like you do
B And I feel glad all over
A Oo mercy, I'm rock gone puppy
B And I'm happy
E And I'm glad all over
A Your touch sewed me
E Like an electric wire
Never thought of make love
A It don't take much looking
To see what I've got
B But it shows, yes it shows
E Come on honey Bonnie
Give me one more time
A Everytime you do

Well I feel B glad all over
A Oo baby, hot dang gilly
B It's silly
E But I'm glad all over
Yeah!
