The Beatles - I Saw Her Standing There

Tom: E

(intro) E7

```
          E7                         A7         E7
Well she was just seventeen, and you know what I mean,
                                       B7
And the way she looked was way beyond compare,

   E7                    A7        C7
So how could I dance with another
      E7          B7         E7
when I saw her standing there.

      E7                    A7
Well she looked at me, and I, I could see,
                                   B7
That before too long I'd fall in love with her.
E7                        A7       C7
She wouldn't dance with another
         E7         B7        E7
When I saw her standing there.

         A7
Well my heart went boom when I crossed that room,

And I held her hand in mine...

      E7
Oh we danced through the night
```

```
          A7
And we held each other tight,
                                    B7
And before too long I fell in love with her.

         E7                 A7        C7
Now I'll never dance with another
         E7         B7     E7
When I saw her standing there.
