

## The Beatles - Three Cool Cats

```
Tom: G
                                                             and three cool cats
E C Am
                                                             really fell in love.
Three cool cats,
                                                             And three cool chicks
three cool cats.
                                                             made three fools out
are coming up the corner in a beat up car,
                                                              E C Am
spitting up a lift of candy bar
                                                             Three cool cats,
                                                              E C
                                                                        Am
                                                             three cool cats.
talking on about how sharp they are.
                                                             (Instrumental)
Three cool cats.
                                                             Well up came that first cool cat,
Three cool chicks.
                                                             he said: man look at that.
Are walking down the street
                                                             Man, do you see what I see?
swinging their hips,
                                                             Well I want that middle chick
splitting up a bag of potatoe chips
                                                             I want that little chick.
I think cool cats really did flip.
                                                             Hey man save once chick for me.
     C Am
                                                              E C Am
Three cool chicks.
E C Am
                                                             Three cool chicks.
Three cool chicks.
                                                              E C Am
                                                             Three cool chicks.
Well up came that first cool cat,
                                                             Well they love like
he said: man look at that.
                                                                        A G
                                                             angels from up a--bove
Man, do you see what I see?
                                                             and three cool cats
Well I want that middle chick
                                                             really fell in love.
I want that little chick.
                                                             And three cool chicks
Hey man save once chick for me.
                                                             made three fools out of.
Three cool chicks.
                                                                   C
                                                             Three cool cats,
Three cool chicks.
                                                              E C
                                                             three cool cats,
                                                             E C Am
                                                             three cool cats,
Well they love like
                                                              E C
angels from up a--bove
                                                             Three coooool caaaats.
```
