If a place a hundred miles
C G Am
beneath the surface is a place that I call home

And it takes a bite on me
G A C
To resurrect my body

Oh, vampire lake
C G A
Where sixteen vampires are hiding from the sun

And a cold talkin' wind

And a single silver bullet from a gun
C
And it takes a bite on me
G A C
To resurrect my body
C
I said it takes a bite on me
G A C
To resurrect my body

A

Oh, vampire lake
C G A
Where the chained and drowned will teach you how to breathe
C
And you can walk across the land by moonlight
G A
And live eternally
C
And it takes a bite on me
G A C
To resurrect my body
C
I said your neck looks good to me
G A C
I wanna reinvent your body

(A Em A)

runnin' through my veins is cold
