

The Cardigans - Please Sister

Tom: C

Verse 1 :

Am Em Dm G
When a sampled heartbeat and a stolen soul
Am Em Dm G
I sold my songs to have my fortune told
F C G Am
And it said You should know that love will never die
Am Em Dm G Am Em
But see how it kills you in the blink of an eye

Verse 2 (same as V1):

I know of love as a hot white light
That knocks you down and then leaves you to dry
Oh, how can it be sweet mamma tell me why
Why all love's disciples have to wither and die

Please sister help me come on do what you should
Am Em Dm G
Please give me something I'm not doing so good
F C G Am
I'm gone down wrong is there nothing you can say
Am Em Dm G Am
Please sister help me I'm not feeling ok

Am Em Dm G (x2)

Verse 3 (same as V1) :

Give me belief that my time will come
and a toll free helpline if I find someone
but she said You gave away what you never really had
and now your purse is empty I can see why you're sad.

Oh Please sister help me come on do what you should
Please give me something I'm not doing so good
I'm gone down wrong is there nothing you can say
Please sister help me can you make me feel ok
