

# The Chainsmokers - Somebody

Tom: **Db**

(forma dos acordes no tom de **C** )

Capostrate na 1ª casa

[Refrão]

In the town full of fancy cars and crowded bars and  
supermodels

Looks exactly the way it did inside my head when I dreamed  
about it

All the things I could live without, I need it now 'cause  
they're all around me

Only thing that I can't afford is to lose myself, tryna be  
somebody, somebody

[Verso 1]

You should've known better, than to listen to your heart  
again

People change with the weather (you know, just know what I  
like)

I don't really like anybody

So don't tell me I'm like anybody else

You put it back together, don't let it fall apart again

People change with the weather

[Refrão 1]

In the town full of fancy cars and crowded bars and  
supermodels

Looks exactly the way it did inside my head when I dreamed  
about it

All the things I could live without, I need it now 'cause  
they're all around me

Only thing that I can't afford is to lose myself, tryna be  
somebody, somebody

Somebody

(You know, just know what I like)

Somebody

[Verso 2]

In my head I knew better (in my head I knew better), I won't  
blame it on my faults again

I know I should forget her (you know, just know what I like)

I don't really like anybody

So don't tell me I'm like anybody

[Refrão 2]

In the town full of fancy cars and crowded bars and  
supermodels

Looks exactly the way it did inside my head when I dreamed  
about it

All the things I could live without, I need it now 'cause  
they're all around me

Only thing that I can't afford is to lose myself, tryna be  
somebody, somebody

Somebody, somebody, somebody

Somebody (you know, just know what I like)

Somebody, somebody, somebody

Somebody (you know, just know what I like)

[Ponte]

'Cause I don't really like anybody

So don't tell me I'm like anybody

'Cause I don't really like anybody

So don't tell me I'm like anybody

[Refrão 3]

In the town full of fancy cars and crowded bars and  
supermodels

Looks exactly the way it did inside my head when I dreamed  
about it

All the things I could live without, I need it now 'cause  
they're all around me

Only thing that I can't afford is to lose myself, tryna be  
somebody, somebody

[Refrão Final]

Somebody, somebody, somebody

Somebody (you know, just know what I like)

Somebody, somebody, somebody

Somebody (you know, just know what I like)

You should stop tryna be somebody

You don't sound, tryna be somebody
