Thought that I'd be better off if I were on my own  
I tried to put my finger  
On the moment we were on  
But the taste turned bitter  
So I pulled the trigger  
And as so easy to move on  
I guess I should have known

Ice cold, I freeze up when I see you  
Left you just to find out that I need you  
So far, I wanna pull you closer  
I wish we could start the whole thing over

Ever since I left you  
I've been trying to get you  
Back and it keeps getting worse  
I'm burning on the inside  
And the truth is that I  
Didn't know how good you were  
Until you were gone

Until you were gone

I was always told that only time would heal the pain  
Even though it's been so long  
It still hurts just the same  
Then and now I'm finding  
That the bright was blinding  
I take back everything I said  
Oh won't you just come home

Ice cold, I freeze up when I see you  
Left you just to find out that I need you  
So far, I wanna pull you closer  
I wish we could start the whole thing over

Ever since I left you  
I've been trying to get you  
Back and it keeps getting worse  
I'm burning on the inside  
And the truth is that I  
Didn't know how good you were  
Until you were gone  
Until you were gone

Until you were gone  
Until you were gone
