Intro: **C G C G C G C G**

C
It's not your eyes
It's not what you say
It's not your laughter
That gives you away
You're just lonely
You've been lonely, too long
C
Oh, you're acting your thin disguise
All your perfectly delivered lines
They don't fool me
You've been lonely, too long

F
Let me in the wall
You've built around
We can light a match
And burn it down
Let me hold your hand
And dance 'round and 'round the flames
In front of us
Dust to dust

C

You've held your head up
You've fought the fight
You bear the scars
You've done your time
Listen to me
You've been lonely, too long

F
Let me in the wall
You've built around
We can light a match
And burn it down
Let me hold your hand
And dance 'round and 'round the flames
In front of us
Dust to dust

(**Am F C G**) x2

C
You're like a mirror, reflecting me
Takes one to know one, so take it from me
You've been lonely
You've been lonely, too long
We've been lonely
We've been lonely, too long
