D C G A
Downtown at the bank

Reluctantly the panic
G A
Begins to catch fire
A
But it did not affect
A
The steady sale of junk
A
Oh, the state office looked
A G
It looked like Hollywood
A
With make-up bleeding
D C G A
All over the cracks

Whoa, he blew his lines
G A
Facing the cameras
A
He suffered the first
CHORUS
A
All live heart attack

G D7 A
Oh you've caught an even atom tan
Verse2
The motor-cyanide
Cyanide suicide
He finally found the
Brick wall in his life
Shining up his engine
He dressed right up for it
At the top of the speedo
He crumpled the bike
There's plenty people runnin', runnin' for cover-
Hoping at best to hold off all the rest
Once last stand at the bunker fire
Machine gun and pitchfork and breast
CHORUS
Verse3
But it isn't so easy
So easy for lovers
Chained in love
Stained at the top of the tower
The pink hearse is leaving
At funeral speed
Driving your heart
Away with the flowers
All night I waited
I waited for a horseman
His ever faithful
His Indian friend
I'm not the only one
Of the caped crusader fan club
Watching the sky
For mankind's friend
CHORUS
A7
Calamine
A7 (fading out)
