

The Cosmic Surfer - Supernatural Blues

Tom: **G**

Well I walked a thousand miles
 Been to see the farthest lands
 Well I've lived above the mountains
 And I've crossed the desert sands
 And I've been through every city with a fire in my hands
 The Spirits give me reason
 Making sure I understand
 They took me as a baby

And returned me as a man
 They said to spread the word
 Go play your music in a rockin' band
 Well I'll meet you by the river
 And you can be my Indian guide
 I'll give you all of my possessions
 If you take me on the midnight ride
 You can take me up to Heaven
 Or you can leave me on the other side
