

The Cure - Apart

Tom: C

He waits for her to understand
 But she won't understand at all
 She waits all night for him to call
 But he won't call anymore

He waits to hear her say
 "Forgive"
 But she just drops her pearl-black eyes
 And prays to hear him say
 "I love you"
 But he tells no more lies

He waits for her to sympathize
 But she won't sympathize at all
 She waits all night to feel his kiss
 But always wakes alone
 He waits to hear her say
 "Forget"
 But she just hangs her head in pain
 And prays to hear him say
 "No more"

I'll never leave again"

How did we get this far apart?
 We used to be so close together
 How did we get this far apart?
 I thought this love would last for ever

He waits for her to understand
 But she won't understand at all
 She waits all night for him to call
 But he won't call
 He waits to hear her say
 "Forgive"
 But she just drops her pearl black eyes
 And prays to hear him say
 "I love you"
 But he tells no more lies

How did we get this far apart?
 We used to be so close together
 How did we get this far apart?
 I thought this love would last for ever
