

The Cure - Desintegration

Tom: G

Intro: C D Em
C D Em

C D
Oh I miss the kiss of treachery
Em Em7 Em
the shameless kiss of vanity
C D
The soft and the black and the velvety
Em Em7 Em
up tight against the side of me
C D
And mouth and eyes and heart all bleed
Em Em7 Em
and run in thickening streams of greed
C D
As bit by bit it starts the need
Em
to just let go my party piece
(C D Em)

C D
Oh I miss the kiss of treachery
Em Em7 Em
the aching kiss before I feed
C D
The stench of a love for a younger meat
Em Em7 Em
and the sound that it makes when it cuts in deep
C D
The holding up on bended knees
Em Em7 Em
the addiction of duplicities
C D
As bit by bit it starts the need
Em
to just let go my party piece

C D
But I never said I would stay to the end
Em
so I leave you with babies and hoping for frequency
C D
Screaming like this in the hope of the secrecy
Em
screaming me over and over and over
C D
I leave you with photographs pictures of trickery
Em
stains on the carpet and stains on the scenery
C D
Songs about happiness murmured in dreams
Em
when we both of us knew how the ending would be
(C D Em)

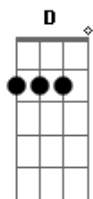

C D
So it's all come back round to breaking apart again
Em Em7 Em
breaking apart like I'm made up of glass again
C D
Making it up behind my back again
Em Em7 Em
holding my breath for the fear of sleep again
C D
Holding it up behind my head again
Em Em7 Em
cut in deep to the heart of the bone again
C D
Round and round and round and it's coming
Em
apart again over and over and over

C Bm
Now that I know that I'm breaking to pieces
Em
I'll pull out my heart and I'll feed it to anyone
C Bm
Crying for sympathy crocodiles cry for the
Em
love of the crowd and the three cheers from everyone
C Bm
Dropping through sky through the glass of the roof
Em
through the roof of your mouth,
through the mouth of your eye
C Bm
Through the eye of the needle it's easier for me
Em
to get closer to heaven than ever feel whole again

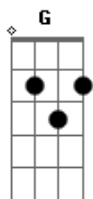

C D
I never said I would stay to the end
Em
I knew I would leave you with babies and everything
C D
Screaming like this in the hole of sincerity
Em
screaming me over and over and over
C D
I leave you with photographs, pictures of trickery
Em
stains on the carpet, stains on the memory
C D
Songs about happiness murmured in dreams
Em C D
when we both of us knew how the end always is
Em
How the end always is
(C D Em)
(C D Em Em7 Em)

C D Em Em7 Em
How the end always is
