The Cure - Killing An Arab

```
                              tom:
                      G
Intro:  E   F   E   F
          E   F   E   F

  E
Standing on the beach
                    F
With a gun in my hand
  E
Staring at the sea
                F
Staring at the sand
  E
Staring down the barrel
                      F
At the Arab on the ground
E
I can see his open mouth
                    F
But I hear no sound

     Am     Bbm
I'm alive
       Am     Bbm
I'm dead
              E
I'm the stranger
F           E      F
Killing an Arab

          E
I can turn

And walk away
                      F
Or I can fire the gun
  E
Staring at the sky
                F
Staring at the sun
      E
Whichever I chose
                      F
```

```
It amounts to the same
E
Absolutely nothing

       Am     Bbm
I'm alive
       Am     Bbm
I'm dead
           E
I'm the stranger
F           E      F
Killing an Arab

( E   F   E   F )
( E   F   E   F )
( Am   Bbm   Am   Bbm )
( E   F   E   F )

        E
I feel the steel butt jump
                      F
Smooth in my hand
    E
Staring at the sea
                    F
Staring at the sand
    E
Staring at myself
                      F
Reflected in the eyes
          E
Of the dead man on the beach
                          F
The dead man on the beach
       Am     Bbm
I'm alive
       Am     Bbm
I'm dead
           E
I'm the stranger
F           E      F
Killing an Arab

[Final] E   F   E   F   E
```
