Well we're all wasted, in a bar  
C F E

Somewhere downtown

When a man walks up and pokes me with a knife And says "Man  
I'm gonna send you to hell"

Well I took that knife, I stared him straight in the eyes I  
said, "Oh boy, you better fuckin' run,

I've been sittin' here just a slammin' down beers, now its  
time to have some fun" Oh

[Interlude]

F F E E E F E E

[Bridge]

Oh well he hit me hard, yeah he hit me good

And then I fell to the ground, but I kicked him fast

I kicked him real swift and he came a tumblin' down

He took a stab at me and nearly cut my gut

But I kicked that knife to the floor

Then I took his head and slammed it into the bar  
I don't think he'll come around no more Ohhhhhh Ohhhhhh  
Ohhhhhh

[Chorus]

Well I've been drinkin' here for so many damn years, Trying  
to recap my life

Every night trouble finds my sight and I cant help but fight

With a bottle of Jack and a tin of skoal

I'll be stickin' around, until the day a man will put me  
away and I can rest my soul

[Verse 2]

eye and Then I fell to my knees
