The Dear Hunter - Mr. Usher (On His Way To Town)

```
Tom: G
                                                              [Bridge 1]
m
                                                              Gm
Intro: Gm
                                                              Any time a plan will get a bit off track
[Verso 1]
                                                              He's the only one who can bring it back
                                                                                                                Gm
                                                              The main manipulator yeah the wolf who leads the pack
                             Cm
The shutters close when he's around
                                                              Gm
                     D7
                                      Gm
                                                              You better lock your doors and shut your windows tight
       D
                                                         G
The children shut their eyes in fear of what they must surmise
                                                              C
                           Gb
                                                              Pull the shades down and turn off the lights
             Eb
                                        Gm
                                                     Eb7
When all the gentlemen hang their heads down, down, down
                                                              Always be the hand that meets the teeth that bite
         Ab
                       D
                               Gm
Yeah Mr. Usher's on his way to town
                                                              Because if he has no use for you
[Verso 2]
                                                              [Bridge 2]
Gm
                                    Cm
                                                                    Gm D F C Eb Gm A D
He keeps his sights set straight and true
                                                              He'll take you to the river
Gm D F C Eb Gm A D
    D
                 D7
His idle hands wont flit or flutter
              G
                                                              Take you to the river
Gm
Never does he slip or stutter
                  Gb
                                   Eb7
                                                              [Verso 4]
 Eb
                             Gm
Still his mind is menacing away
                                                                                            Cm
                                                              Gm
Yeah Mr. Usher's on the prowl today
                                                              He'll have you hanging by a string
                                                                              D7
                                                                  D
[Verso 3]
                                                              Or noose if he prefers you perish
                                                              Gm
                                                                               G
                                                              All your dreams become nightmarish
Gm
                        Cm
He needn't dirty up his hands
                                                              Fb
                                                                               Gb
                                                                                        Gm
                                                                                               Fb7
      D
                       D7
                                                              If you block his path or plan
He'll twist your heart until you're manic
                                                                                 D
                                                                        Ab
                                                                                             Gm
Gm
                 G
                                                              Yeah Mr. Usher always gets his man
Lost in endless streams of panic
                                                                        Ab
                                                                                    D
                                                                                             Gm
                                    Fb7
                                                              Yeah Mr. Usher always gets his man
Eb
                   Gb
                            Gm
Pray you're not the one he finds
                                                                        Ab
                                                                                     D
                                                                                             Gm
                                                              Yeah Mr. Usher always gets his man
       Ab
                    D
                             Gm
If Mr. Usher's got you on his mind
