All of my strength is gone ^G
^C
I don't know what you want ^D
^{Em}
In a little while, the sun comes low ^G
^C
I don't want to be here anymore ^D
^C ^D ^C ^D
Right up the road and taking me all morning
^{Em} ^D ^C ^D
If I told you now I could almost drive home
^{Em} ^D ^C ^D
If I stay a while I could almost not remember

^{Em}
I was never looking for trouble
^G
I was only following the sound
^C
I remember when I was someone
^D
But it's different now

^{Em}
I could corner you in the hallway
^G
I would always act like I'm in space
^C ^D
I was just concerned with the timing falling into place
^{Em} ^D ^C ^D
If I hold you now I could almost drive home
^{Em} ^D ^C ^D
If I stay a while I could almost not remember

^{Em}
I was never looking for trouble
^G
I was only following you down
^C
I remember when we were younger
^D
Going round and round
^{Em}
Leave a little light on the radar
^G
I can never know how far I'll go
^C ^D
I am just in love with the feeling of losing control
