Tom: A
Intro: B B7

```
E                                     Gb
  Tell all the people that you see,
      A     A Abm Gbm E
Follow me, follow me down.
                                Gb
Tell all the people that you see,
        A     A Abm Gbm E
Set them free, follow me down.

G                                E
  You tell them they don't have to run
G                         E
  We're gonna pick up everyone
G                         D
  Come out and take me by my hand
        C            G        B     B7
Gonna bury all the troubles in the sand, oh yeah

E                                Gb
Can't you see the wonder at your feet?
          A        A Abm Gbm E
Your life's complete, Follow me down
                                Gb
Can't you see me growing, get your guns
          A        A Abm Gbm E
The time has come, To follow me down

                              E7
Follow me across the sea where milky babies seem to be
A                         Gb7
Molded, flowing revelry with the one that set them free.

E                                Gb
  Tell all the people that you see,
      A        A Abm Gbm E
```

```
It's just me, follow me down.
