tom:

**C**

Don't get so down **Db**

Don't get so down **Db**

**Cm** **Fm**

It won't mean anything **Db**

But laughing at how **Db**

Better off now **Cm** **Fm**

For such a silly thing

**Db**

Lost if I'm hopeless **Db** **Cm**

Still yet, I know this **Fm** **Db**

I will be caught in all the time **Db**

Ain't it amazing **Cm**

Constantly changing **Fm**

Don't wanna let it go

**Db** **Db**

Just hold me till sunrise **Cm** **Fm**

Let's save the goodbye **Db** **Db**

These feelings are hard to find **Cm**

In this heart of mine **Fm**

In this heart of mine **Db** **Cm** **Fm**

Yes it is, heart of mine

**Db**

I always forget **Db** **Cm** **Fm**

When do flowers bloom? (I always forget) **Db**

I always forget **Db** **Cm**

It's all gone so soon (I always forget) **Fm**

Can I stay with you? **Db**

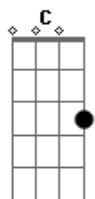

Lost if I'm hopeless

**Db** **Cm**

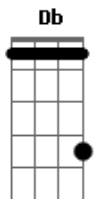

Still yet, I know this **Fm** **Db**

I will be caught in all the time
