                   G
Well I'm a runnin' down the road try'n to loosen my load
                          D       C
I've got seven women on my mind
G                             D
Four that wanna own me, two that wanna stone me
C                                 G
One says she's a friend of mine
          Em           C G
Take it easy, take it easy
              Am                   C                  Em
Don't let the sound of your own wheels drive you crazy
            C                    G
Lighten up while you still can
            C                    G
Don't even try to understand
              Am                 C                       G
Just find a place to make your stand,  and take it easy

                   G
Well, I'm a standin' on a corner in Winslow, Arizona
                     D       C
Such a fine sight to see
        G                     D
It's a girl my lord in a flat-bed Ford
            C                         G
Slowin' down to take a look at me
              Em          C G
Come on, baby, don't say maybe
         Am                 C               Em
I gotta know if your sweet love is gonna save me
         C             G                 C            G
We may lose and we may win, though we may never be here again
         Am              C               G
So open up I'm climbin' in, so take it easy

                   G
Well, I'm a runnin' down the road tryin' to loosen my load
                          D       C
Got a world of trouble on my mind
G                         D                            C
G
Lookin' for a lover who won't blow my cover, she's so hard to
find
          Em            C G
Take it easy,  take it easy
              Am                   C                  Em
Don't let the sound of your own wheels make you crazy
         C G                 C G
Come on baby, don't say maybe
         Am              C                 G           C   Em
I gotta know of your sweet love is gonna save me
