Baby doll
Do you believe they'll catch you when you fall?
And when morning comes, the sun is gonna shine
Don't forget
Your minor keys, your half-lit cigarette
'Cause when morning comes, God knows that you'll be mine
 C D G B7
So let me in
I'm ready to beg and to sing for my sins \begin{tabular}{c|c} Em & D & C \end{tabular}
Not leave it to chance, a sweet coincidence
Well that's just crazy
And you know it's true
        G D Em
Well they said you was long gone
I just laughed and said
"All right, bring her home tonight"
                 D
                            Fm
And I heard you was graciously put on
I just laughed and said
G C D
"Good night, guess it's alright"
Baby doll
The men who hang like flowers in your hall
Are asking when your love is gonna show
And who knows why
                           Fm
The love you need will always pass you by?
```

```
Well I heard it's true
Your love is gonna grow
  C D G
So let me know
                        Em
'Cause I can stay, or honey I can go
                  D
Just to wherever you tell me so
          A7
I'll find my place there
And there I'll stay
Well they said you was burned out
I just laughed and said
"Come on, she's not burnt, she's just gone"
                D
And it took me too long 'til I found out

Bm C G C D
Faces that you know the best, oh well I guess
And they laughed when you said you was leaving \ensuremath{\mathsf{Bm}} \qquad \ensuremath{\mathsf{C}} \qquad \ensuremath{\mathsf{G}}
Everybody knows you well, except for me, can't you tell?

Em
And you once from the wings of the late show
                                C D CD
                        G
Roses by your feet all red, for me you said
Baby doll, Baby doll, Baby doll...
(G D Em Am D C D )
