Intro: D Dm Am

G D Am

Verse 1

We stopped for coffee in the redwood forest

Giant dripping leaves, spoons of powdered cream

I wanted to kiss you, but I wasn't sure how

Like those indians

Lost in the rain forest

Forced to drag burning wood wherever they went

They all had forgotten how to start a fire

Chorus

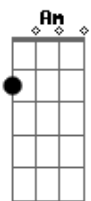

This is why people OD on pills

And jump from the golden gate bridge

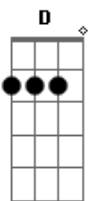

Anything to feel weightless again
