Pick you up later on **Bb**

What to do? It doesn't matter **Cm**

'Cause you get what you want **Gm**

Everything that we've got **Eb**

Will you call me on occasion? **F**

If you like it or not **Gm**

Oh no **F**

VERSE 2:

So turn it up, take me down **Gm**

From the wall, it doesn't matter **F**

'Cause you get what you want **Eb**

After all **Eb**

And now you've shattered **F Bb**

Everything that we had **F Gm**

And you call me on occasion **F**

Just to see how I am **Eb**

I'm hanging in **Eb F Bb**

VERSE 3:

But now time teaches me **F Gm**

To pretend it doesn't matter **F**

And now you've shattered everything **F Bb F Gm**

He looks a bit like me **F Eb F**

It's cynical

Call me useless, just you wait **Gm F**

Put me down and call it fate **Bb Eb**

Broken bridges, wasted hate **Gm F**

So just stand beside your man **Bb**

Double A-Ron **Gm**

Act like I never turned you on **Eb**

All I do is cry **F**

December finds you're all alone **Cm**

Who'd have thought that you'd regret **Cm**

All those evil things you said **Bb F**

Now as friends, we say goodbye **Gm Cm**

I think there's something in my eye **F**

CHORUS:

Replaceable **Bb**

It's cynical **F**

Call me useless, just you wait **Gm F**

Put me down and call it fate **Bb Eb**

Broken bridges, wasted hate **Gm F**

So just stand beside your man **Bb**

Double A-Ron **Gm**

Act like I never turned you on **Eb**

All I do is cry **F**

And you watched me die **Gm**

At least a thousand times **F Eb**

But you've got inside
