

# The Killers - Where Is She

Tom: **G**

Intro: This comes in after the synth/ keyboard. (Play it twice)

| That intro is played again twice When Brandon is singing "All these tears that we've cried"

## Acordes

| Outro: Play the intro again twice then

| That's the main lead... I don't know what the rythm bits are though, sorry.  
| Would be grateful if anyone else posts it if they know.
