                                                                 And I don't want to walk about like everybody else
Intro: Am
                                                                 And I don't want to live my life like everybody else
(Strum)
                                                                 And I won't say that I feel fine like everybody else
[Primeira Parte]
                                                                 (Ooooooooh
                                                                                         oooooooh)
I won't take all that they hand me down
                                                                 Cuz I'm not like everybody else
And make out a smile though I wear a frown
                                                                 (Ooooooooh
                                                                                         oooooooh)
And I'm not gonna take it all lying down
                                                                 I'm not like everybody else
Cuz once I get started I go to town
[Refrão]
                                                                 Like everybody else
                                                                 Like everybody else
I'm not like everybody else
                                                                 Like everybody else
I'm not like everybody else
                                                                 Like everybody else
I'm not like everybody else
                                                                 For a couple of bars
I'm not like everybody else
                                                                 [Terceira Parte]
And I don't want to walk about like everybody else
And I don't want to live my life like everybody else
                                                                 If you all want me to settle down
And I won't say that I feel fine like everybody else
                                                                 Slow up and stop all my running 'round
                                                                 Do everything like you want me to
(Ooooooooh
                       oooooooh)
                                                                 There's one thing that I will say to you
Cuz I'm not like everybody else
                       oooooooh)
                                                                 [Refrão]

[Segunda Parte]
                                                                 I'm not like everybody else
                                                                 I'm not like everybody else
But darling you know that I love you true
                                                                 I'm not like everybody else
Do anything that you want me to
                                                                 I'm not like everybody else
Confess all my sins like you want me to
                                                                 And I don't want to walk about like everybody else
There's one thing that I will say to you
                                                                 And I don't want to live my life like everybody else
