

The Kooks - Fa La La

```
Tom: C
               F7M Ab7 C
Mmmmmm .
You're out there having fun
F Em G
And I need you
I'm alone with this song
                                                                 Em
About being empty
      G C
And the fear of missing out
It's hard to be alone
       G C
Nineteen miles I've walked
F Em G F
Up and down the hall
G Am C
       F Ab7 C
Long hall
Oh god I miss my girl
It's only been a night
I miss the last time % \left( 1\right) =\left( 1\right) \left( 1
          F Em G
That we had a fight
Isn't it sad?
                                                                                                                                                              Em G
Won't you say it's bad?
I don't care and if I have to
I'll read your books
                               Em
Cause they'll remind me of you
```

```
And I'll learn your notes
    Em G
So that I have a clue
And I'll watch your films
      Em G
So I'll know them through and through
              F Em G
And I'll do the things that remind me of you F Em G C
And I'll wash my hair in your shampoo
And I'll buy your perfume
     Em G C
And spray it round my room
And I'll smoke your cigarettes
 Em G C
So that I'm dying too
And I'll call you up
F Am C G
Fa la la la

\mathsf{F} \quad \mathsf{Am} \;\; \mathsf{C} \quad \mathsf{G}
